Technical Error in City Liquor Ordinance Causes Consternation in Police Court.

Ogden, Dec. 23.—Whether the original certified typewritten copy of the revised ordinance of Ogden city of April, 1910, as passed by the city council, is its three regular readings, constitutes the existing law of the city, or whether the printed form of the ordinance from which many words and phrases were unintentionally omitted by the printer and which is subject to the insertion of an erratum, common in all statute books, is to be taken as the full text of the law, is the question now before Acting Judge H. S. Farnsworth of the municipal court. This vital legal point was brought up on Thursday in the case of Ogden city against Joseph and Henry Baumeister, proprietors of the Ranch saloon on Twenty-fourth street, in which the saloon men are alleged to have disposed of intoxicating liquor to James Greenwell, aged 18 years, on Dec. 10, notwithstanding that the name of Johnson was settled in the city's favor by the same court with Judge J. D. Murphy on the bench in July of this year, when a man by the name of Johnson was closed up for selling liquor to minors, yet Judge Farnsworth did not act on the matter until he had been cited to sufficient authorities to warrant his action. Attorney T. Hulaniski, appearing for the defendants, maintained that a secret law could not be filed in the city's archives and another law made public. On this basis, Attorney Hulaniski moved to quash the complaint. City Attorney DeVine held that the court was under the necessity of putting some construction on the ordinance and inasmuch as in the printed form of the words, "intoxicating liquors," had been omitted, the ordinance was without meaning unless the legislative intent was taken into consideration. The original typewritten copy of the revised ordinance was admitted in evidence, showing that the words omitted by the printer were included. The Baumeisters and other saloon men are making a vigorous fight on the numerous charges now pending against them and in case of a conviction, they realize that it will be the duty of the city council to revoke their license. Young Greenwell, in court on Monday, that he had been asked his age at the Baumeister saloon and in spite of the fact that he gave it as 18 years, liquor was sold to him.

DeVine, who had made a full confession to the officers, not only of this particular crime but of many others which have long been held mysteries by the police. The city attorney also stated that the boy has been under the influence of older parties, who had encouraged him in his criminal acts and who had furnished him with a ready means of protection and also of disposal of the stolen articles. PAWNBROKERS ARRESTED CHARGED WITH THEFT

Ogden, Dec. 23.—Charged with failing to give a receipt for pawned goods, Dick Kleines and Abe Pappé, proprietors of the Montana Loan company, were arrested as the result of a complaint issued by City Attorney H. DeVine on Thursday. The complainant, John Newman, claims that on Dec. 14, he pawned an overcoat valued at \$50, at the Montana Pawn office, receiving therefor the sum of \$3. On asking for a pawn ticket, Newman alleges that he was informed that it was not necessary and that he could simply call for it. Newman, accompanied by the amount advanced, on Thursday morning, Dec. 22, Newman went prepared to regain possession of the coat and when Pappé tried to give him a second hand article of clothing in place of his coat Newman, resulting in the action by the city attorney. The police also claim that the transaction was not reported to them and it is likely that Kleines and Pappé will be prosecuted for failing to make proper reports of all goods bought and sold.

B. Y. U. MAKES GOOD RECORD.

Provo, Dec. 23.—President Brimhall delivered his "Christmas message" yesterday morning in the devotional exercises at the Brigham Young university. The key note of his speech at the close of the school before holidays has "the splendid record of the school this far." The president gave as the greatest evidence of the institution's success for the first semester, the surprising figure that 97 per cent of the students have succeeded in passing all their studies, leaving only 3 per cent of failures. A slight reference was made to a few who indulge excessively in light entertainment, but the great majority of students have been so far this year "solvers of problems." President Brimhall's closing wish was that of the poet: "Woodman spare that tree, Touch not a single bough, In youth it sheltered me, And I'll protect it now."

CITY COUNCIL FIGHT MAY BE RENEWED

Holdover Policemen Compelled to Bring Suit to Obtain Their Back Salaries.

(Special Correspondence.) Logan, Dec. 23.—It looks as if the old fight in the city council, which caused so much ill feeling last year, in addition to greatly hindering business, will be renewed, as the Republican members of the council voted last night to refuse to pay the holdover policemen the increase in salary made last year. Last year, or rather at the beginning of the present year, these officers were denied this increase on the advice of the city attorney, and they at once appealed to the courts. The case was taken up to the supreme court on appeal and there the officers won. It was generally understood at the time that the case would settle all of them, but now a different view is taken and it looks as if the policemen will each have to bring suit to obtain his own particular portion, or course this will renew the battle, and the city will suffer while this battle is being fought out. The council last night passed an ordinance which compels the owners of soft drink establishments to pay an annual license of \$500. In all probability this will close the places of that kind here and that is the object aimed at.

Reese and Buxton, the proprietors of a cigar store, which was ordered closed on Sundays, asked that they be allowed to open every evening. The drug stores have stepped from selling such goods on that day. The committee to which the
